

WRSSSC Skater Development Seminar

Friday February 10

9 am—1 pm

South Surrey Arena

\$25 WRSSSC members
\$50 out of club skaters

**Return registration
form and payment to
coach Linda Carroll by
Friday February 3rd.**

WRSSSC is pleased to offer a second Skater Development Seminar this season, featuring renowned coach **Kevin Bursey**. Kevin has been involved as a skating coach and director of programs for more than 25 years. Key roles he has held include: National Performance Director of the UK National Ice Skating Association, Managing Director at Barr High Performance Facilities in Ayr, Scotland, and most recently senior positions at BC Centre of Excellence, Connaught Skating Club and Sungod Skating Club.

This seminar will include both on and off-ice components. The on-ice sessions will focus on jump and spin enhancement, and will include creative edge classes to assist skaters with the development of their skills under the requirements of the new evaluation system.

The off-ice sessions will be taught by former Canadian and Olympic rhythmic gymnastics champion **Lori Fung**, who will work with skaters on improving their strength and flexibility.

Once again this seminar takes place on a Surrey School Board professional day, and is open to both STARSkate & Accelerated skaters.
